

Sponsorship

About

The „Iarigai“ organization was founded in 1965 and has since been held annually on a changing international stage.

The iarigai has always offered researchers and technologists from the printing- and media-industry the opportunity to exchange knowledge and make new contacts. Traditionally, it has always been a matter of concern to also actively seek exchange with the industry in order to transfer new knowledge and identify new challenges.

Sponsoring

With the next iarigai taking place in Wuppertal 2023 (18.09 - 20.09.23) we like to offer you to become a sponsor and to support the conference. We expect at least 40 speakers to attend next years conference.

In return, you get the chance to promote your company and your products on a high level in front of knowledge carriers and key players from all over the world.

Depending weather you like to become a gold, silver or bronze supporter, you will get different levels of access to our audience.
